

# EZ MIST™

## 360° Spray Bottles

### Environmentally Friendly

Propellant free aerosol-like mist

### Convenient Application

Consistently dispenses fine droplet size mist that readily adheres to most surfaces

### Generous Output

One pull of the trigger mists for 1 second releasing 1.25mL of liquid

### Works From Any Angle

Unique design allows you to use the sprayer in any direction...even completely upside down!

### Good To The Last Drop

98% bottle evacuation maximizes operational time and reduces refill requirements
